Access. Requirements. Reviews.

East Protection Security

Saudi Aramco CCC / SACS-210 readiness

Cybersecurity Compliance Certificate readiness.

01 **Assess**

Confirm classification and map gaps.

02 **Implement**

Strengthen controls and policies.

03 **Prepare**

Organize evidence for the auditor.

TYPICAL READINESS OUTPUTS

- Control mapping
- Action plan
- Policies
- Evidence pack

EPS supports readiness. The selected Aramco-authorized audit firm assesses compliance and issues the certificate.
EPS does not issue certificates or guarantee approval or timing.

See the gaps.
Plan the next steps.

Know where to act first.
